Unit D-East F-22

Delaware Correctional Center

Dear Mr. Miller:

Your letter was received at the American Board of Medical Specialties (ABMS) on March 28, 2005. The ABMS is the umbrella organization for 24 medical specialty boards. The main focus of ABMS and its 24 Member Boards is the process of certification of physician specialists in the United States.

The ABMS is not a referral service and does not give recommendations to patients. The ABMS does not process complaints or provide information regarding disciplinary actions that have been filed by the state. The ABMS can verify if a physician is certified by one of its 24 Member Boards.

The *Official ABMS Directory of Board Certified Medical Specialists*, which is available in many medical and public libraries, would be a useful resource to obtain more information regarding certification status of individual physicians. Also, the ABMS has a public education program which provides verbal verification of board certification at 1-800-CERT (776-2378).

In response to your questions:

- 1) There is no record of a Dr. Sitta Gombah-Alie in the ABMS database.
- 2) Requirements of a Medical Director are determined by each health care organization. A health care organization can require certification but it is not the law.

It is hoped that this information is helpful to you and satisfactorily responds to your request.

Sincerely,

Sheldon D. Horowitz
